* I choose market place for online sell purchase

Purpose:-

The purpose of the Peer-to-Peer online market place is to provide a platform where users can seamlessly buy, sell or exchange goods and services directly with each other. The key objectives of this platform are:

- Enable direct transactions
- Build a community
- Encourage local and Global Trade.
- Simplify the process
- Promote Trust and Security

Business Goals:-

1) Facilitate Easy Buying & selling:

Enable users to seamlessly list products for sale and browse products to buy.
